22 **SPECIAL MASTER RECOMMENDATION REGARDING**
DISTRIBUTION OF APPROVED SETTLEMENT FUNDS

23 WHEREAS, class counsel for Plaintiffs contacted the Court-Appointed Special Master
24 for guidance on issues related to the fair and just distribution of approved settlement funds to
25 eligible class members. Good cause appearing,

26
27 IT IS HEREBY RECOMMENDED:

28 ///

1 1. If a claimant reported on the approved *Settlement Claim Form* that he/she did not
2 own personal property (clothes, furniture, household items, etc.) that was affected by the Truckee
3 Canal embankment failure, then the claimant will not receive an allocation of approved
4 settlement funds for personal property damages.
5

6 2. Class counsel shall allocate approved settlement funds for personal property
7 damages to eligible individuals based upon the level of water intrusion in the home they owned
8 or occupied. Further, class counsel shall divide the amount allocated for personal property
9 damages to each eligible household by the number of eligible members of the household who
10 reported on the approved *Settlement Claim Form* that he/she did own personal property that was
11 affected by the Truckee Canal embankment failure and distribute the funds accordingly.
12

13 3. Class counsel shall allocate approved settlement funds to eligible minor children
14 for personal property damages provided that an approved *Settlement Claim Form* has been
15 submitted to class counsel on behalf of the minor child in which it is reported that the minor
16 child owned personal property that was affected by the Truckee Canal embankment failure.
17

18 4. If a claimant reported on the approved *Settlement Claim Form* that he/she did not
19 have physical contact with the water, mud, and/or debris that resulted from the Truckee Canal
20 embankment failure, then the claimant will not receive an allocation of approved settlement
21 funds for personal injury and/or emotional distress damages.
22

23 5. Regarding distribution of approved settlement funds to eligible class members for
24 personal injury claims and/or emotional distress damages, each eligible claimant is to receive one
25 allocation for personal injury claims and/or emotional distress damages based upon the level of
26 water intrusion in the home he/she occupied.
27

28 6. Class counsel shall distribute the approved settlement funds based upon the
information reported on the approved *Settlement Claim Form*.

7. If one owner of real property affected by the Truckee Canal embankment failure timely submitted the approved *Settlement Claim Form* to class counsel, then class counsel is authorized to distribute approved settlement funds to all eligible owners of the subject property for real property damages.

8. Due to confusion which apparently resulted regarding the requirement to submit one *Settlement Claim Form* for each class member, if one eligible member of a household at the time of and affected by the Truckee Canal embankment failure timely submitted his/her *Settlement Claim Form* to class counsel, then class counsel is authorized to accept late *Settlement Claim Forms* from other eligible members of the household. However, once class counsel distribute the approved settlement fund disbursement calculations in this case, then class counsel cannot accept late *Settlement Claim Forms* from any class member.

9. The manner of distribution of approved settlement funds in this case is for purposes of settlement only.

DATED this 9th day of November, 2011.

Hon. Michael E. Fondi, Retired Judge
Special Master
